MAY MEETING

May 19, 3 O'Clock at Washington County Library. Program Chairman Virginia Haire announces that we will have on display, and discuss, the books and film purchased, to date, with our Grant funds. About 20 titles are now on hand. At the meeting, these items will be officially presented to the Washington County Library. A list of titles will appear in the June NEWS.

All members are urged to attend this meeting. We are extending a cordial invitation to our Librarian, the Staff and Trustees, and Town and County officials.

CONCORD HOMECOMING

The Editor most sincerely regrets that the HOMECOMING was not announced in the last NEWS. Shirleyann "got it in" in ample time; my fault, entirely. We make belated amends by printing the "Invitation", in its entirety, in this issue.

With Harry Thompson as speaker, AND dinner on the ground, its bound to be a great gathering. Our best wishes for fair weather and a dearth of biting flies.

WORKSHOP AT CHOWAN

The Family Heritage Workshop at Shepard-Pruden Library, April 26 & 27, was one of the best. We appreciate Mrs. Gene Roth's calling it to our attention, and applaud Librarian Rosalie Boyd's gracious hosting. All speakers, Elizabeth Smith, of ECU's Joyner Library, Mary Ann Coffey, Harry Thompson, and Mrs Roth, made excellent presentations.

Harry displayed several of WCGS's publications, and made kind remarks

relative to our efforts in historical research.

It was a real pleasure to see two of our old acquaintances at the Workshop. June Thomas, our Society's first president, was most cordial, and inquired of the Society...and many of our members. I was pleased to report that none of us have become instant ancestors.

Susanne Martin was there with her boss, Mrs. Smith. Susanne is now employed in Preservation & Conservation at Joyner Library. We congratulate Susanne upon her new position, and "Joyner" upon having acquired her services.

Susanne, our Charter Members recall, was our Librarian in the late 80's and early '90s, and was a prime mover in the founding of our Society. The foundation of WCGS's firm support of WCL's North Carolina Collection was laid during her tenure here.

DIRECTORS

At the regular April meeting, Loretta Phelps was elected to the Board of Directors, and Vernon Everett re-elected. These two, and A.B. Davenport, Barbara Revels, and Lawrence Swain, now make up the Board. Russell Tyson serves as a non-voting member by virtue of being our immediate Past-President.

JOYNER LIBRARY

At our last meeting, we discussed plans for our President to contact the ECU Library and explore avenues of mutual support. Happily, following a pleasant conversation with Mrs. Smith and Susanne at Chowan, we have had a letter from Mr. Maurice York, North Carolina Librarian, Joyner Library. Mr. York states that he "would welcome the opportunity to develop some kind of working relationship", and makes several suggestions. I shall contact Mr. York in the very near future, and avail ourselves of his kind invitation to meet. I will keep you posted.

AUGUST JOURNAL

Upwards of $\frac{1}{4}$ of the August manuscript is in hand, and will go to our typist next week. Please get your articles to us ASAP. This is the first time we have had a "head-start" on our publication date----let's not get complacent!

MAPPING

some members have expressed interest in learning to draw maps from the descriptions found in old deeds. We tried a "hands-on" session at a recent monthly meeting, and learned that that's not the time to do it. Some few mapping.....most others "left out". So, if you want a short course in "beginners" mapping, contact Virginia, Loretta, or Ed. We'll arrange a session some afternoon or evening. It can be fun!

SIR WALTER

We called on Meredith Saunders recently for help on a Journal article. She delved into her mother's scrapbook, and found just what we needed. "Miss Laura" Johnston taught music for many years. In addition to being a lover and teacher of music, she was a lover and collector of history--especially local history--, and had a keen sense of humor.

On the reverse of the information that helped us with the Journal was the following:

New Light on Sir Walter

A teacher asked the members of a class:"Who was Sir Walter Raleigh and for what event is he best known?"

One pupil answered thus:"Sir Walter Raleigh was a English courtier and statesman who sent Colombus to America. He is best known, however, for his gallantry to a lady in distress. He was walking down the streets of London one day and met Lady Godiva riding upon a milk-white charger entirely nude except for her beautiful golden hair. In spite of the laughter and jeers of

the populists, Sir Walter walked out to the poor lady and gallantly handed her his beautiful courtier's cloak, bowing deeply and saying : 'Honi soit mal y pense,' which being interpreted means! "Thy need is greater than mine.' Lady Godiva accepted the cloak and put it around her, murmuring gratefully: ' Mon Dieu et mon droit,' meaning: 'My God, you are right! ' "

THE LAWS OF GENEALOGY

These have been in so many journals and newsletters of so many organizations that we don't know who to "credit".

- The will you need is in the safe on board the Titanic.
- Copies of old newspapers have holes which occur only on last names.
- Ink fades and paper deteriorates at a rate inversely proportional to the value of the data recorded.
- The keeper of the vital records you need will have just been insulted by another genealogist.

Need exact location of Back Landing(site of Tyrrell Courthouse). Location of Bark("Barked"; "Marked")Poplar Swamp. Location of "Germantown" (eastern Skinnersville of western Scuppernong Twp., Washington County).

Editor: WCGS, POB 567, Plymouth, NC 27962

Tyrrell bond, 5 July, 1790, indicates that "Joseph Phelps, Esq." married Amelia Norman. Probably a "May-December" marriage(and Joseph's second), as Joseph had served on Tyrrell bench with Amelia's father, Nehemiah Norman(d. 1785). Did children result from this union? Names?

Ed Norman: POB 754, Plymouth, NC 27962

MOUNTAIN HILL

Our thanks to fellow-member Phyllis Spruill Davenport for the following record of Mountain Hill Cemetery. At the risk of "fragmenting" her contribution, we are saving her poignant story of little Julian Reid Spruill for the August JOURNAL.
